

Building for the Future Survey Results

Unitarian Church of Montpelier

Herein are the results of the Preference Poll taken at UCM during November, 2019.

215 surveys were submitted

For 214, respondents are known; they comprise 37% of the 578 unduplicated adults listed in the Directory.

144 (67%) are members
70 (33%) are non-members

211 surveys were tabulated

Four surveys could not be counted because the respondents did not follow the instructions and could not be identified to submit corrected answers. (Several others who also did not follow instructions were identified and did submit corrected answers.)

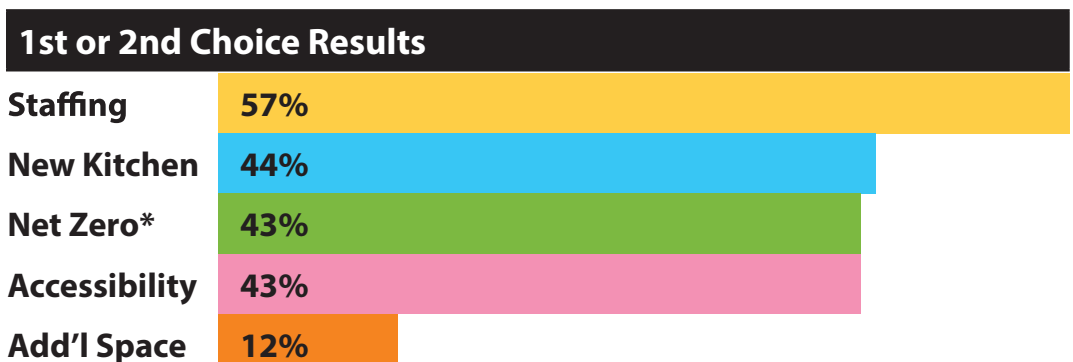

tabulated 12/1/19 by
Phil Morse & Tom Schursten
